

SIBELIUSMUSIC ONLINE STORES – TARIFF

Charges are made up of a monthly fee and a commission on sales.

The commission on sales depends whether the customer has been directed straight from your site (direct sale) or has found the score by searching SibeliusMusic (referral).

Monthly fee:

US \$30 (approximately €25 or £20)

Minimum contract period – 1 month

Fee taken on the first of each month

Commission to SibeliusMusic.com on sales:

Direct sales (Score found on your store while SibeliusMusic is used for transaction) 20% of retail price

Referral (Score found on SibeliusMusic) 30% of retail price

Payments from sales (less commission) are made at the end of each quarter

Other costs

None!

Example:

If you sell just 20 scores a month at \$8 each you will make over \$1000 (per annum) after all your costs are deducted.

If you sell 50 scores a month at \$8 each you will make over \$3200 (per annum) after all your costs are deducted.

This assumes that 60% of your sales are direct from your site.
